Chase,

I could only attend the meeting on 1/16. I copied Jeff on this to see if his team is available as well. Although we received language on RAO 1 and SWACsswacs/Fish Trends for the Area 1 FS, I was hoping to get the other language we discussed in November before this meeting to review.

Jim

**Subject:** Meeting in Detroit.

We had discussed having a sit down meeting in Detroit to go over draft Area 1 FS comments and to get initial feedback on the draft Area 2 SRI draft comments. The 15<sup>th</sup> and the 16<sup>th</sup> are good for us; we can go all day on one of the dates or split it among the two.

I would like to finalize as soon as possible so that we can go ahead and make arrangements for a meeting place and to book travel.

Thanks,
